## DETAILED ACTION

### *Election/Restrictions*

1. Applicant's election of claims 1-3 **without traverse** in the response filed on March 31, 2005 is acknowledged. Accordingly, claims 4-20 have been cancelled. Claims 1-3 are pending in the application.

### *Allowable Subject Matter*

2. Claims 1-3 are allowable.
3. Claim 1 is allowable because the prior art of record, taken alone or in combination, fails to disclose or render obvious a film thickness measurement apparatus for measuring a thickness of a film formed on an object, comprising, a calculation part for obtaining a thickness of a film on said object on the basis of said polarization state, an imaging part for acquiring an image of a light shielding pattern formed on a predetermined position, wherein said calculation part obtains a tilt angle of said object on the basis of an output from said imaging part and obtains a thickness of said film from said polarization state, by using said tilt angle, in combination with the rest of the limitations of claim 1.
4. Claims 2-3 are allowable because they are dependent on independent claim 1.
5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
